

Attention!

Okazaki's 3 garbage disposal rules!!

The garbage station (the place where garbage is put out) is managed by the neighborhood association.

For maintenance of the garbage station and smooth collection and recycling of garbage, please observe the following three rules and properly dispose of garbage.

Number

1

Correctly separate
recyclables and garbage

Number

2

On the correct collection
date, put garbage in the
designated bag and put it out by
8:30 in the morning

Number

3

Place in the designated
station for each type

* There are three types of garbage stations:
burnable garbage stations, non-burnable garbage
stations, and recycling stations. Please check with
your community representative or the manager of
the apartment or condominium for the location of
the garbage station.

You can check the correct type and collection date on
the "Garbage Collection Calendar".

The "Garbage Collection Calendar" for your area is
available at city hall / branch offices.
