

The floor plan illustrates the layout of a theater or event space. The main seating area is a large rectangle divided into two sections by a central aisle. The left section contains 10 columns of seats, labeled N through D from left to right. The right section contains 3 columns of seats, labeled C, B, and A from left to right. Each seat is represented by a small green square with a number in the top left corner. The numbers range from 1 to 24, indicating the row number. The stage is located on the right side of the plan, labeled '舞台' (Stage). Above the seating area are restrooms (men and women) and a wheelchair-accessible area. The entrance is marked with a red triangle at the bottom center.
